Russ Firlik's *Combat Engineer Platoon* is a gripping and unflinching account of war and the bonds of brotherhood.

Set against the backdrop of the Vietnam War, Firlik's novel follows a platoon of combat engineers as they face the horrors of combat and the challenges of working together as a team.

The platoon is led by Lieutenant John Maxwell, a young and ambitious officer who is determined to prove himself. However, Maxwell soon learns that war is not a game, and that even the best plans can go awry.

As the platoon fights its way through the jungles of Vietnam, they face a series of harrowing challenges. They are ambushed by the enemy, they are forced to march for days without food or water, and they witness the horrors of war firsthand.

Through it all, the platoon members rely on each other for support and strength. They form a tight-knit bond that helps them to survive the unimaginable.

Combat Engineer Platoon is a powerful and moving story that will stay with you long after you finish reading it. Firlik's writing is raw and honest, and his characters are unforgettable.

If you are looking for a war story that will both entertain and move you, then *Combat Engineer Platoon* is the book for you.

Reviews
