Getting Political is not a traditional political analysis of the conflict. Instead, it is a collection of stories and anecdotes that bring to life the daily realities of life in Israel. The author writes about the challenges of living in a divided society, the complexities of relationships between Israelis and Palestinians, and the hopes and fears of people on both sides of the conflict.

One of the most striking things about Getting Political is the author's ability to humanize the conflict. He writes about the people he met and the stories they told him, and he shows how the conflict affects their lives on a personal level. This is a book that will help you understand the Israeli-Palestinian conflict in a new way.

## **Reviews**

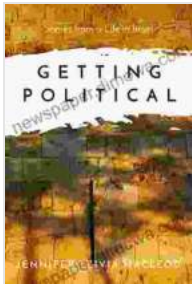

- "Getting Political is a must-read for anyone who wants to understand the complexities of the Israeli-Palestinian conflict." - The New York Times
- "A powerful and moving book that will change the way you think about the conflict." - The Washington Post
- "A must-read for anyone who cares about the future of the Middle East." - Foreign Affairs
