One day, Lily and Rose were playing in the park when they saw a sign that said "Free Garden Supplies." They followed the sign to a nearby community center, where they found a group of volunteers giving away free seeds, plants, and gardening tools.

Lily and Rose were so excited! They each picked out a few seeds and plants, and they even got a free gardening book. They couldn't wait to start their own garden.

Lily and Rose planted their seeds and plants in a small patch of land behind Lily's house. They watered them every day and watched them grow.

As the weeks went by, Lily and Rose's garden began to flourish. They had beautiful flowers, delicious vegetables, and even a few herbs.

Lily and Rose loved spending time in their garden. They would often sit on a bench under the shade of a tree, and they would talk about their dreams and plans for the future.

One day, Lily and Rose invited their friends over to see their garden. Their friends were so impressed! They had never seen such a beautiful garden before.

Lily and Rose's friends asked them how they had grown such a beautiful garden. Lily and Rose told them that it was all thanks to their friendship.

"We worked together to plant the seeds and water the plants," Lily said.

"And we always helped each other out, even when things were tough," Rose added.

Lily and Rose's friends were inspired by their story. They realized that friendship is a powerful thing. It can help you achieve your dreams and make the world a more beautiful place.

The next day, Lily and Rose's friends started their own gardens. They wanted to experience the joy of gardening and the power of friendship.

And so, the friendship garden grew and grew. It became a place where friends could come together to share their love of gardening and to support each other.

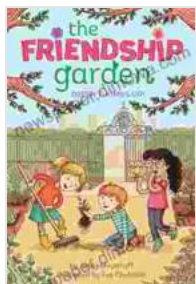

The friendship garden is a reminder that anything is possible when you have friends by your side.
